

Phoenix 10 Series Diamond

Fire and cash safe for important jewellers and commercial risks.

- Available in a range of 5 sizes, the Diamond Series has been aesthetically designed and constructed to protect against the more professional and experienced safe breakers.
- This safe is recommended for a maximum cash risk of £10,000.00 cash or £100,000.00 jewellery and is classed as Euro Grade 1 for Insurance purposes.
- The unique patented design of the barrier material protects against attack, drilling, cutting and oxyacetylene.
- Available with keylock as standard or an electronic digital lock can be fitted to all models as an optional extra.
- Supplied with base fixing kit.

Shown with optional electronic lock

Locking Option
Key Lock - Standard Option
Electronic Lock Only - Optional Extra
Key & Electronic Dual Locking - Optional Extra

Phoenix 10 Series Diamond

Body

The inner and outer bodies are constructed from high grade steel and add up to a total metal thickness of 9.7mm. The cavity between the inner and outer bodies contains advanced anti penetration and fire resisting materials with a total thickness of 100mm.

Door

The door is constructed of 6mm solid steel plate with 6mm drill resisting plate protecting the locking area. A steel pan with fire resisting material is fitted to the back of the door giving greater protection against fire.

Boltwork

All sizes have 3 way moving espagnolette boltwork with 30mm bolts securing into the top and bottom door frame. The leading edge of the door has 2 x 30mm bolts securing into the frame. In addition the two hinge dog bolts at the rear give added strength and provide a clean cut, modern appearance disguising it's great strength.

Locking

The standard locking is a high quality double bitted VDS Class 1 keylock with keys supplied in duplicate. An electronic digital lock is available as an optional extra. Extra protection is given over the lock by a 6mm Manganese steel anti drill plate.

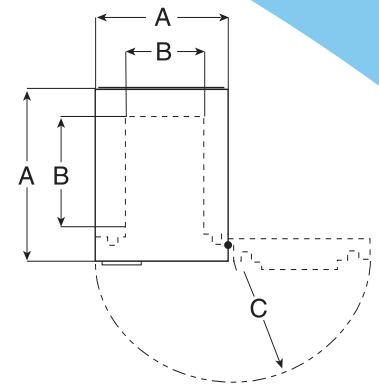

Finish

All safes are finished in RAL 9002 durable white textured finish.

All weights and sizes are approximate.

All Phoenix Fire Safes come with a Free lifetime 'after the fire' replacement warranty and a full two year materials and labour warranty.

Phoenix policy is one of constant improvement. We therefore reserve the right to alter any part of the specification achieved in this publication without incurring any obligation.
