

# largo

The world will not evolve past its current state of crisis by using the same thinking that created the situation.

People work efficiently when their environment is designed to help them, and they work happily when their furniture is designed to support them. That's why the Largo collection of office furniture measures up so impressively to the highest aspirations.

A choice of System Desks, Wave and Ergonomics Desking allows you to arrange your work space in the way that suits you. Innovative design combines superb good looks with ultimate flexibility.

1 x CTV

▲ System storage cupboard (Internal fitments sold separately see Dams Product Guide for details. Available in four heights, 2000mm, 1600mm, 1200mm & 800mm.)

▲ LWR 16 shown with LCS curved corner storage unit.

# wave

Sweeping curves add an elegant dimension to Largo's Wave-style desking and the accessories that expand it's potential.

Open fronted desk-end storage extension units, for instance, are an option that constructs the theme in highly practical style. Graceful desktop screens allow welcome working privacy. And the design's easy cluster capability, together with screening, gives you invaluable flexibility in combining staff teams in the most effective way.

## construction

### Steelwork

All legs manufactured in 40mm x 25mm x 1.2mm boxed section steel, (18 gauge steel). Legs are powder coated and finished in graphite grey ral (7012) and Silver ral (9006).

### Desktops

LARGO desks are supplied with top and back panel. All tops are manufactured from 25mm board and back panels from 18mm board. All MFC (Melamine Faced Chipboard) used, meets BS 476 PT7 class 1 surface spread of flame, as well as E1 European Formaldehyde Emission. Edging used is ABS woodgrain with a thickness of 3mm on 25mm tops. Desks are tested to BS5495 (1977) Part 1 - Strength & Stability of office furniture.

### Cable Management

Cable management can be found in all desks in the form of 2 x Radial (65mm) portholes, with the exception of 800mm desk (L8) which has one porthole.

### Pedestals

Deluxe pedestals are fitted with metal drawer sides and back with solid 15mm drawer base. Our drawers are is tested to BS 4875 part 7, level 4 and has successfully completed 100,000 openings at 34 kilos. All pedestals have adjustable drawer fronts for perfect drawer alignment. All pedestals are fully locking.

### Desking Screens

All screens come complete with fixing brackets, colours are optional. Please refer to Dams Fabric Swatch.
